

DIRECT MELTING KETTLES

DF30 Model Shown

AVAILABLE SIZES

10 gal

30 gal

100 gal

The skid mounted 30 gallon melter is designed to be used with applicator pots and tools. The 30 gallon melters come equipped with a gravity fed valve to dispense material into an applicator pot or pouring cone. Each unit is hand agitated and comes with a material thermometer, lifting handles, double headed 160,000 BTU burner and propane hose with regulator.

FEATURES

- Our equipment comes ready to use, just need a propane bottle & sealant and you're ready to work!
- All equipment comes equipped with a material temperature gauge, propane hose with regulator and a propane fired burner.
- Each melter is manufactured with a 12 GA steel vat and is leak tested before it leaves our factory.
- Equipment comes ready to go! No assembly required!
