

SEALCOAT SPRAYER

DPS550T Model Shown

AVAILABLE SIZES

Portable

550 gal

Marathon's sealcoating unit is a professional grade sealcoat applicator built with superior construction and designed to last! This low profile unit comes complete, ready to add sealer and go to work!

FEATURES

- 550 gallon material capacity is perfect for most jobs.
- Hydraulically controlled full sweep agitation with paddle arms that rub sidewalls for superior cleanout.
- Material tanks are manufactured with heavy duty 10 GA steel for a long service life.
- Extended trailer storage area gives lots of space for tools, sandbags, buckets and more.
- A two stage tank utilizing an air compressor with an electric start 13 HP engine.
- Electric brakes and breakaway kit equipped on industrial grade slipper spring axles.
- A large 1 gallon steel basket strainer removes solids that may clog spray tips.
- 100ft sealer hose with 5' aluminum application wand and a hose reel designed for rugged, heavy duty applications.
- Fender mounted tool & brush box with lockable lid.
- 35 gal water tank.
- Loading ramp for extended trailer storage area
